PURPOSE OF THE UNIT STANDARD

Competence at this level will enable learners to use analytical skills to make sophisticated judgements about complex human and social issues. They are aware of both the functions of language and of its drama and power.

Learners are critical, reflective and responsive readers and/or viewers of written/signed and visual texts. They are able to draw comparisons between texts, and to compare and contrast themes and issues in texts with those in the contexts in which they live and work. They identify and analyse style and tone/sign size and pace and account for their effectiveness in different texts. They are willing to challenge the assumptions and values expressed in texts. They are especially critical readers/viewers of both the written/signed and/or visual mass media. They can access, process and use information from a wide variety of texts.

Learners credited with this unit standard are:

- Critically analyse texts produced for a range of purposes, audiences and contexts
- Identify and explain the values, attitudes and assumptions in texts
- Evaluate the effects of content, language and style on readers'/viewers' responses in specific texts.

LEARNING ASSUMED TO BE IN PLACE AND RECOGNITION OF PRIOR LEARNING

The credit calculation is based on the assumption that learners are already competent in terms of the following outcomes or areas of learning when starting to learn towards this unit standard: NQF Level 3 unit standard entitled Interpret and use information from texts.

UNIT STANDARD ACCREDITATION AND MODERATION OPTIONS

- This Unit Standard will be assessed by an assessor and moderated by a moderator, registered with the relevant accredited ETQA responsible for the quality assurance of this Unit Standard.
- Any institution offering learning that will enable achievement of this Unit Standard must be

accredited as a provider through the appropriate quality assuring ETQA, or Learning Programme approval with an ETQA that has a Memorandum of Understanding with the quality assuring ETQA.

- Verification (external moderation) of assessment and moderation by the provider, will be conducted by the relevant quality assuring ETQA according to the moderation guidelines in the relevant Qualification and the agreed ETQA policy and procedures.
- An individual wishing to be assessed through RPL against this Unit Standard, may apply to an assessment agency or provider institution accredited by the relevant quality assuring ETQA, or by an ETQA that has a formal agreement/accreditation with the relevant quality assuring ETQA.

UNIT STANDARD ESSENTIAL EMBEDDED KNOWLEDGE

The essential embedded knowledge will be assessed through assessment of the specific outcomes in terms of the stipulated assessment criteria.

Learners can understand and explain that languages have certain features and conventions, which can be manipulated. Learners can apply this knowledge and adapt language to suit different contexts, audiences and purposes. Knowledge of formats, conventions, protocols and contexts is acquired through activities used to attain this unit standard.

Learners are unlikely to achieve all the specific outcomes, to the standards described in the assessment criteria, without knowledge of the listed embedded knowledge. This means that for the most part, the possession or lack of the knowledge can be directly inferred from the quality of the learner's performance. Where direct assessment of knowledge is required, assessment criteria have been included in the body of the unit standard.

PROVIDERS CURRENTLY ACCREDITED TO OFFER THIS UNIT STANDARD:

This information shows the current accreditations (i.e. those not past their accreditation end dates), and is the most complete record available to SAQA as of today. Some Quality Assuring Bodies have a lag in their recording systems for provider accreditation, in turn leading to a lag in notifying SAQA of all the providers that they have accredited to offer qualifications and unit standards, as well as any extensions to accreditation end dates. The relevant Quality Assuring Body should be notified if a record appears to be missing from here.
