PURPOSE OF THE UNIT STANDARD

Learners at this level write texts with complex subject matter and a need for various levels of formality in language and construction. They select text type, subject matter and language to suit specific audiences and purposes. Writers can use linguistic structures and features to influence readers. They edit own writing to meet the demands of a range of text-types. They use language appropriate to the socio-cultural, learning or workplace/technical environment as required.

Learners credited with this unit standard are able to:

- write for a specified audience and purpose
- use language structures and features to produce coherent and cohesive texts for a wide range of contexts
- draft own writing and edit to improve clarity and correctness

LEARNING ASSUMED TO BE IN PLACE AND RECOGNITION OF PRIOR LEARNING

The credit calculation is based on the assumption that learners are already competent in terms of the following outcomes or areas of learning when starting to learn towards this unit standard: NQF Level 2 Unit Standard.

Moderation Option: The moderation requirements of the GENFETQA must be met in order to award credit to learners for this unit standard.

UNIT STANDARD ESSENTIAL EMBEDDED KNOWLEDGE

The following essential embedded knowledge will be assessed through assessment of the specific outcomes in terms of the stipulated assessment criteria:

Learners can understand and explain that language have certain features and conventions which can be manipulated. Learners can apply this knowledge and adapt language to suit different contexts, audiences and purposes.

Candidates are unlikely to achieve all the specific outcomes, to the standards described in the assessment criteria, without knowledge of the stated embedded knowledge. This means that for the most part, the possession or lack of the knowledge can be directly inferred from the quality of the candidate`s performance. Where direct assessment of knowledge is required, assessment criteria have been included in the body of the unit standard.

Critical Cross-field Outcomes (CCFO):

UNIT STANDARD CCFO IDENTIFYING

Identify and solve problems: using context to decode and make meaning individually and in groups in oral, reading and written activities.

UNIT STANDARD CCFO WORKING

PROVIDERS CURRENTLY ACCREDITED TO OFFER THIS UNIT STANDARD:

This information shows the current accreditations (i.e. those not past their accreditation end dates), and is the most complete record available to SAQA as of today. Some Quality Assuring Bodies have a lag in their recording systems for provider accreditation, in turn leading to a lag in notifying SAQA of all the providers that they have accredited to offer qualifications and unit standards, as well as any extensions to accreditation end dates. The relevant Quality Assuring Body should be notified if a record appears to be missing from here.
