#### PURPOSE OF THE UNIT STANDARD

Learners at this level read and view a range of texts. Learners credited with this unit standard are able to read a variety of text types with understanding and to justify their views and responses by reference to detailed evidence from text. They are also able to evaluate the effectiveness of different texts for different audiences and purposes, by using a set of criteria for analysis.

Learners credited with this unit standard are able to:

- use a range of reading and viewing strategies to understand the literal meaning of specific texts
- use strategies for extracting implicit messages in texts
- respond to selected texts in a manner appropriate to the context
- explore and explain how language structures and features may influence a reader.

### **LEARNING ASSUMED TO BE IN PLACE AND RECOGNITION OF PRIOR LEARNING**

This means that for the most part, the possession or lack of the knowledge can be directly inferred from the quality of the candidate`s performance. Where direct assessment of knowledge is required, assessment criteria have been included in the body of the unit standard.

#### PROVIDERS CURRENTLY ACCREDITED TO OFFER THIS UNIT STANDARD:

*This information shows the current accreditations (i.e. those not past their accreditation end dates), and is the most complete record available to SAQA as of today. Some Quality Assuring Bodies have a lag in their recording systems for provider accreditation, in turn leading to a lag in notifying SAQA of all the providers that they have accredited to offer qualifications and unit standards, as well as any extensions to accreditation end dates. The relevant Quality Assuring Body should be notified if a record appears to be missing from here.*
