Occupational Certificate: Turner/Metal Machinist Legacy Qualification: Turner													
	1 2 3 4 5	6 7 8 9	10 11 12 13	14 15 16 17 18	19 20 21 22 23	24 25 26 27	28 29 30 31 32	33 34 35 36	37 38 39 40 41	42 43 44 45	46 47 48 49	50 51 52 53 54	
	January	February	March	April	May	June	July	August	September	October	November	December	
Phase 1 - OQ	8		1 4 15 18 29	1 19					2	25 28	8 11 22 <mark>25</mark>	13	15 weeks
Phase 1-Legacy	8		29				1		20				12 weeks
									23			13	
Phase 2 - OQ							15		13 16	11			13 weeks
Phase 2-Legacy	8		22	15		28		19			1		11 weeks
	-		_										
Phase 3 - OQ													7 weeks
Phase 3-Legacy	15		15		13		12		23		22		9 weeks

Phase One	Phase Two	Phase Three
KM-01:Basic Engineering theory - 8 weeks	KM-02: Machining Theory - 9 weeks	PM-05: Perform complex machining operations - 7 weeks
PM-01: Fabricate simple components or work pieces using basic hand skills and hand tools - 2 weeks	PM-04: Produce components of intermediate complexity by performing engineering machining operations- 4 weeks	
PM-02: Fabricate components or work pieces using power tools or machinery - 2 weeks		
PM-03: Produce simple components by setting up and attending to the operation of an engineering machine - 3 weeks
